I'm a frontend engineer with over two years of experience in web development at MadDevs. My primary areas of focus and expertise are JavaScript, TypeScript, React/Redux and NextJS.

## Professional Experience

May 2021 - Present

### MadDevs, Bishkek, Kyrgyzstan

Frontend developer

Prince Hamlet is visited by his father's ghost and ordered to avenge his father's murder by killing King Claudius, his uncle. After struggling with several questions, including whether what the ghost said is true and whether it is right for him to take revenge, Hamlet, along with almost all the other major characters, is killed.

### MadDevs, Bishkek, Kyrgyzstan

Frontend developer

I with marketing team developed the website (<https://maddevs.io>) - in this process we used Vue2.js and Prismic CMS on the frontend and Express.js on the backend. I participated in the Radiator project, which is designed to collect metrics from Google Analytics, Glassdoor, Quora and to send data to Slack channel as a report.

## Education

King Edward VI Grammar School in Stratford-upon-Avon [1571 - 1578]

## Additional Experience

### Performance

Thousands of performances of my plays have been staged since the end of the 16th century. Many of my greatest plays were performed by the Lord Chamberlain's Men and King's Men acting companies at the [Globe](#) and Blackfriars Theatres.

# Poetry

In 1593 and 1594, when the theatres were closed because of plague, I published two narrative poems on sexual themes, *Venus and Adonis* and *The Rape of Lucrece*. I dedicated them to Henry Wriothesley, Earl of Southampton.
